

***For Immediate Release:***

## **MACC adds two new BSS/OSS clients in Iowa**

---

**(Blair, NE – May 11, 2015)** Two Iowa-based telecommunication companies recently selected Mid America Computer Corporation (MACC) for their BSS/OSS needs. East Buchanan Telephone Cooperative and WTC Communications will both use MACC to meet their needs for a billing solution and CABS processing. The companies will be fully converted to MACC's platform by the end of 2015.

East Buchanan Telephone Cooperative is located in Winthrop and WTC Communications is based in Wilton. Both companies offer data, voice and video services to their customers.

"2015 has been a year of continued growth at MACC and we're honored to have two more companies choose our BSS/OSS solution," said Craig Aman, MACC's President and CEO. "East Buchanan Telephone Cooperative and WTC Communications are both great companies and we're looking forward to having them join the MACC family of clients once their conversion is complete."

### **About Mid America Computer Corporation**

In the last few years, more than two dozen telecommunication companies from across the United States have converted to MACC's BSS/OSS platform. Our products empower clients to reach new levels of efficiency through integration and process automation. MACC's products are supported by professional and dedicated customer care teams to ensure the outstanding service our clients deserve. For more information on how your company can begin enjoying the benefits of MACC, contact us at 1-800-622-2502 or visit [www.maccnet.com](http://www.maccnet.com).
